## Collection list (from GS-168, volume 1)

### IX. Church Union Material.

The material in this section appears to have come from different sources as is evidenced by the names of E.H. Oliver, D.S. Dix, Walter C. Murray and other individuals being written on some items. The material might also have been given to the Conference Archives at different times. Ultimately it was brought together under "Church Union Material" by Conference archivists. This subject has been retained in the present arrangement even though many of the publications could well have been filed with the Presbyterian or Methodist Church material in sections I, II, IV or V.
