

MJ-75

Moose Jaw City Transit: A Private Study fonds. – [textual records]. – 1981. – 0.50 cm of textual records.

Box V-192

Title note

This fonds is called 'Moose Jaw City Transit: A Private Study' because the author of the typescript is unknown. The author may be the donor, Mr. Whitbread, but that is unconfirmed. Therefore, the title of the typescript was used for the title of the fonds.

Administrative History

Moose Jaw City Transit: An Alternative Route: A Private Study is a study of the Moose Jaw public transit system. It was completed in 1981 by a local citizen. The study was conducted independently and is separate from the City Council commissioned study performed by IBI Group Consultants.

Scope and content

This fonds contains the original typescript of 'Moose Jaw City Transit: An Alternative Route: A Private Study'. This study was completed in 1981 by a local citizen and completed independently from the study conducted by IBI Group Consultants commissioned by City Council. It conducts a review of previous studies, financial information, and relevant literature. The study provides recommendations for the improvement of the Moose Jaw transit system. There is no author printed on the report.

Conservation note

This fonds was re-boxed and refoldered in 2012.
