- d) Album of post WW I Europe - Belgium, France and Germany. - 292 postcards. – [1910-1918]. – accession 2010-025. [see S1.11]

These postcards were collected in the period at the end and immediate following the Great War. Laycock was part of the Army of Occupation. He sent several postcards home at one time, using them as if they were pages of a letter.

Custodial history : This postcard collection was going to be thrown out at the Saskatoon Public School Board office (ca. 1980s). When a school librarian expressed interest in them, the head of the School Board’s Learning Resource Centre gave the album to her. She subsequently donated the album to the University of Saskatchewan Archives in 2010.
