## Canadian Society of Technical Agriculturists

Publishers of "Scientific Agriculture"

GENERAL SECRETARY AND MANAGING EDITOR  
H. L. TRUEMAN, 128 QUEEN ST., OTTAWA, CANADA

September 25, 1934.

Dr. Seager Wheeler,

Rosthern, Sask.

Dear Sir:

At the time of the annual convention of the Canadian Society of Technical Agriculturists held at Macdonald College in June your name was proposed for an honorary membership in the Society. This was approved unanimously by the delegates to the convention and I am pleased to inform you that you are an honorary member for life. The distinction is chiefly honorary in that it does not convey anything in the way of silverware, cash, or a diploma. What it does convey, however, is the sincere respect and appreciation of the technical agricultural services of Canada for the work which you have done. We hope that you may continue to do the same type of excellent work.

You will receive two magazines in which the Society is interested. One is Scientific Agriculture which we edit and the other is the C.S.T.A. Review which we publish as our official organ. We are sending you back numbers of Scientific Agriculture from June and also the first number of the Review which was inaugurated in June. The second number of the Review will come along in October.

I am sorry that I have not yet had an opportunity of visiting Rosthern, but look forward some day to paying my respects personally. I also hope that we may see you at Edmonton next June when it is probable that the C.S.G.A. and C.S.T.A. will gather for their annual conventions.

With best wishes for continued success.

Sincerely yours,

General Secretary.

NORTH SASKATCHEWAN BRANCH

C.S.T.A.

Saskatoon, Sask.  
Sept. 28th, 1934.

Dr. Seager Wheeler,  
Rosthern, Sask.

Dear Dr. Wheeler:

I have just been informed in a letter from the General Secretary of the Canadian Society of Technical Agriculturists, that you have been elected to honorary membership in this society.

I wish to congratulate you and may say that the members of the North Saskatchewan Branch are pleased that you will thus automatically become a member of our group. We have meetings each month during the winter and I hope that you will be able to come into town sometime and attend these. I will forward to you a complete program as soon as this is drawn up.

Yours very truly,

*P.M. Simmonds*

P.M. Simmonds,  
Local Secretary.
