QUOTE FILE NO. NSR/S.

Dear Mr. Wheeler:-

I wired you yesterday stating that we desired one dozen further cases similar to those which you have so kindly sent me, to contain only Marquis wheat, and am in receipt this morning of your reply stating that you are expecting some cases in a few days, and that you are writing.

I thank you for your reply and will ask you to please prepare, as soon as these new cases are received, a further dozen with Marquis heads and grain only. Mr. Dennis was very much struck with this method of exhibiting grain and wishes to supply our leading offices in Great Britain with samples, and also to forward a sample to the President, Sir Thomas Shaughnessy.

I will await your letter with interest, and trust that this finds you and your family well and happy.

Yours very truly,

Seager Wheeler, Esq.,
Maple Grove Farm,
Rosthern, Sask.

Dear Sir:-

We have yours of March eighteenth.

The specimen cases of Marquis
wheat came through alright, and we thank you for
sending them.

Hoping that your 1912 crop will
all be of the prize variety, we are,

Yours very truly,

General Publicity Agent.

Seager Wheeler, Esq.,
