REGIONAL BUREAU FOR CANADA OF
THE INTERNATIONAL CATALOGUE OF SCIENTIFIC LITERATURE
MONTREAL,

February 11th., 1914.

Seager Wheeler, Esq.
Rosthern

Dear Sir:-

Dr. A.H.Mackay, of Halifax, who for some time has been receiving titles of your publications, in order that these might be included in the International Catalogue of Scientific Literature, has given me your name and address.

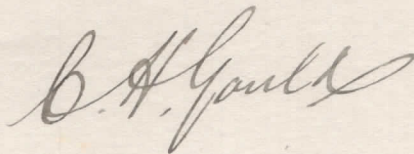

Inasmuch as the McGill University Library has recently been appointed, by the Dominion Government, the Regional Bureau for Canada of the International Catalogue, I hope that we may be able in future to relieve Dr. Mackay of some of the labour which he has been expending on behalf of Canadian science. This we shall be able to do, if those who were formerly in communication with Dr. Mackay, will in future kindly send me the titles of such of their papers as they may wish to have included in the International Catalogue. We have prepared some Blanks for the convenience of contributors, which will make it easy for the contributors to supply the information which we require. If you will be so

Seager Wheeler, Esq. - 2 -

good as to let me know how many of these you would need, counting a Blank for each paper, I shall send them to you as soon as I shall have heard from you.

Relying upon your cooperation on behalf of Canadian science, I remain

very faithfully yours
